

Corporate Governance

City Developments Limited (“CDL” or the “Company”) is committed to maintaining good corporate governance in accordance with the principles and guidelines set out in the Code of Corporate Governance released by the Council on Corporate Disclosure and Governance in 2005 (“CCDG Code”) and has adopted a set of internal guidelines on corporate governance (“Internal CG Guidelines”) aligned with the CCDG Code.

The following describes the Company’s corporate governance policies and practices which include, *inter alia*, specific references to the principles and guidelines as set out in the CCDG Code.

BOARD MATTERS

CCDG Code Principle 1: The Board’s Conduct of Affairs

The Board oversees the Company’s business. Its primary functions are to set corporate policy, provide guidance and approval of strategic plans and direction for the Company, review management performance, establish and oversee the framework for internal controls and risk management, and assume responsibility for good corporate governance. These functions are either carried out directly by the Board or through committees established by the Board, namely, the Board Committee (“BC”), the Audit Committee (“AC”), the Nominating Committee (“NC”), the Remuneration Committee (“RC”), and the City Developments Share Option Scheme 2001 Committee (“Scheme Committee”), all collectively referred to hereafter as the “Committees”. The composition of each Committee can be found under the corporate directory section in this Annual Report 2008.

The delegation of authority by the Board to the Committees enables the Board to achieve operational efficiency by empowering these Committees to decide on matters within their respective written terms of reference and/or limits of delegated authority and yet maintain control over major policies and decisions.

The Company conducts regular scheduled Board meetings on a quarterly basis. Additional meetings are convened as and when circumstances warrant. The Company’s Articles of Association allow for the meetings of its Board and Committees to be held via teleconferencing.

The attendance of the Directors at meetings of the Board and Committees, as well as the frequency of such meetings, are disclosed on page 24. Notwithstanding such disclosure, the Board is of the view that the contribution of each Director should not be focused only on his attendance at meetings of the Board and/or Committees. A Director’s contribution may also extend beyond the confines of the formal environment of such meetings, through the sharing of views, advice, experience and strategic networking relationships which would further the interests of the Company.

The BC, which comprises 5 Directors with the majority of its members being non-executive, assists the Board in the discharge of its duties by deliberating on operational matters requiring Board review that may arise between the full Board meetings. It assists the Board, in particular, in approving banking-related matters such as the opening, closing and maintenance of banking accounts of the Company and the acceptance of banking facilities up to certain limits extended to the Company, operational matters relating to property development and other matters determined by the Board from time to time. The Board has also adopted an internal guide wherein certain key matters are specifically reserved for approval by the Board such as the setting of strategic decisions or policies or financial objectives which are, or may be significant, in terms of future profitability or performance of the Group and decisions to commence, discontinue or modify significantly any business activity or to enter or withdraw from a particular market sector.

Every newly appointed Director receives a formal letter, setting out his general duties and obligations as a director pursuant to the relevant legislations and regulations. Newly appointed Directors are also welcome to meet with the management and be briefed by them on the Company’s business and governance practices. The Company encourages the Directors to keep updated with the latest changes to the relevant laws and regulations affecting the Company and to receive further relevant training of their choice in connection with the discharge of their duties. Such relevant courses include programmes conducted by the Singapore Institute of Directors and Singapore Exchange Securities Trading Limited (“SGX-ST”). Each Director also receives a manual containing information on a director’s duties and responsibilities, corporate information of the Group, and Company and Board policies including the Internal CG Guidelines which also cover the internal code of business and ethical conduct, internal code on securities

trading, whistle-blowing procedure, and a schedule of matters specifically reserved for the Board's approval. Directors are also provided regular updates and briefings from time to time by professional advisers, auditors, management and the company secretaries on new laws, rules, regulations, listing requirements, governance practices, changes in accounting standards and business and risk management issues applicable or relevant to the performance of their duties and obligations as directors.

The Company and its Board of Directors are committed to conducting business with integrity and consistent with the highest standards of business ethics, and in compliance with all applicable laws and regulatory requirements. In line with this commitment, during the year under review the Board adopted a revised Code of Business Conduct and Ethics which sets out the ethical values and business standards of the Company and to assist Company employees in resolving ethical questions that may arise in the course of their work for the Company. The Code provides a communicable and understandable framework for staff to observe the Company's principles such as honesty, integrity, responsibility and accountability at all levels of the organisation and in the conduct of the Company's business, in their relationships with customers, suppliers, competitors and amongst employees, including situations where there are potential conflicts of interests.

CCDG Code Principle 2: Board Composition and Guidance

The Board currently comprises 8 members. All members of the Board except for the Chairman and the Managing Director are non-executive Directors. Of the 6 non-executive Directors, the Board considers 4 of them, being half of the Board, to be independent, thus providing for a strong and independent element on the Board capable of exercising objective judgment on corporate affairs of the Group. No individual or small group of individuals dominates the Board's decision-making.

The independent non-executive Directors are Messrs Chee Keng Soon, Foo See Juan, Han Vo-Ta and Tang See Chim. Mr Foo See Juan is a partner of a legal firm which renders professional legal services to the Group from time to time. Nevertheless, the Board (excluding Mr Foo in respect of the deliberation of his own independence) has considered Mr Foo to be independent as he is capable of maintaining his objectivity and independence at all times in the carrying out of his duties and responsibilities as an independent Director.

Having diligently served on, and contributed to, the Board over the past 30 years, Mr Chow has indicated to the Board his intention not to seek re-appointment as a Director at the forthcoming Annual General Meeting of the Company. The Nominating Committee will review and identify at the appropriate time suitable candidates with the right qualifications, expertise and experience to fill the vacated Board position.

The Board comprises business leaders and professionals with financial, banking, legal and business management backgrounds. The Board has reviewed its composition, taking into account the scope and nature of the operations of the Group, and is satisfied that the current size of the Board is appropriate and allows for effective decision-making. The standing of the members of the Board in the business and professional communities, and their combined business, management and professional experience, knowledge and expertise provide the necessary core competencies to meet the Group's needs and to allow for diverse and objective perspectives on the Group's strategic direction and growth. Non-executive Directors of the Company are encouraged to participate actively in Board meetings in the development of the Company's strategic plans and direction, and in the review and monitoring of management's performance against set targets.

CCDG Code Principle 3: Chairman and Chief Executive Officer

The Board recognises that best practices of corporate governance advocate that the chairman of the board and the chief executive officer should in principle be separate persons to ensure an appropriate balance of power, increased accountability and greater capacity of the board for independent decision-making. The Board also recognises that there may be instances where the two roles are performed by one person for valid reasons, and that such a practice is not uncommon both locally and in other developed jurisdictions.

Mr Kwek Leng Beng is the Executive Chairman of the Company and the Chairman of the Board. The holding of these dual roles by the same Director, together with the strengths brought to these roles by a person of Mr Kwek Leng Beng's stature and experience has been considered by the Board. There are internal controls in place to allow effective oversight by the Board to ensure appropriate balance and authority for the Board to exercise objective decision-making. In view of the management structure detailed in the following paragraphs, the Board is of the view that it is currently unnecessary to effect a separation of the role of the Chairman of the Board from that of the Executive Chairman to facilitate the Group's decision-making and implementation process.

As Chairman of the Board, Mr Kwek Leng Beng bears primary responsibility for the workings of the Board, by ensuring its effectiveness on all aspects of its role, exercising control over the quality, quantity and timeliness of information flow between the Board and management, ensuring effective communication with shareholders, facilitating the effective contribution of non-executive Directors, and overseeing the Group's corporate governance and conduct. As Executive Chairman, Mr Kwek Leng Beng is the most senior executive in the Company and provides overall leadership and strategic vision for the Group.

He is assisted by his brother, Mr Kwek Leng Joo, the Managing Director of the Company, in charting broad direction, strategies and policies of the Group. The Managing Director oversees the management team for the effective implementation of corporate and business strategies and policies. He is supported by the senior management of the Company in the day to day operations of the Group.

A key management staff, Group General Manager Mr Chia Ngiang Hong is not related to the Chairman or the Managing Director. Mr Chia, who joined the Group in 1981, holds a Bachelor of Science (Hons) degree in Estate Management from the University of Singapore and a Distinction in Masters in Business Administration from the University of Hull, United Kingdom, and is also a Fellow of the Singapore Institute of Surveyors & Valuers and a Certified Property Manager with the Institute of Real Estate Management, USA.

With the establishment of various Committees with power and authority to perform key functions beyond the authority of, or without undue influence from, the Chairman and/or the Managing Director, and the putting in place of various internal controls to allow for effective Board oversight, the Board is of the view that there are adequate accountability safeguards to enable the Board to exercise objective decision-making and to ensure an appropriate balance of power and authority within the spirit of good corporate governance.

CCDG Code Principle 4: Board Membership

The NC's main role as set out in its written terms of reference is to recommend all Board and Committee appointments and re-appointments, determine independence of each Director, and identify new directors who have the appropriate knowledge, experience and skills to contribute effectively to the Board. 2 out of the 3 members of the NC, including the NC chairman, are independent.

When considering the re-nomination and re-election of Directors, the NC takes into account their contribution to the effectiveness of the Board and the competing time commitments faced by Directors with multiple board representations. Notwithstanding that some of the Directors have multiple board representations, the NC is satisfied that each Director is able to carry and has been adequately carrying out his duties as a Director of the Company. The Directors submit themselves for re-nomination or re-election at regular intervals and the Articles of Association of the Company provide that at least one-third of the Directors for the time being,

other than the Managing Director, shall retire as Directors at each Annual General Meeting of the Company. The Managing Director is appointed by the Board for such period (except that where an appointment is for a fixed term, such term shall not exceed five years) and upon such terms as the Board thinks fit.

In reviewing and recommending to the Board any new Director appointments, the NC takes into consideration the current Board size and its mix, the additional skills and experience that will bolster the core competencies of the Board, the search process for the identification of suitable candidates and once identified, the appropriate knowledge, experience and skills of the candidates who in its opinion, are fit and proper and qualified for office.

Key information regarding the Directors is set out on pages 18 to 19 of this Annual Report 2008.

CCDG Code Principle 5: Board Performance

The Company has in place a formal assessment of the effectiveness of the Board as a whole and the contribution by each Director to the effectiveness of the Board. The NC assesses each Director's performance and evaluates the Board's performance as a whole annually, using objective and appropriate quantitative and qualitative criteria which were recommended by the NC and approved by the Board. Quarterly performance indicators which include a comparison of the Company's performance (including segmental performance) for the financial period under review against the Company's performance for the corresponding period in previous years and also *vis-à-vis* industry peers and industry averages, and other indicators such as the Company's share price performance over a historical period and *vis-à-vis* industry peers, are furnished to the Board.

Assessment parameters for Directors' performance include their level of participation at Board and Committee meetings and the quality of their contribution to Board processes and the business strategies and performance of the Group. The NC's evaluation of the individual Directors for the financial year ended 31 December 2008 ("FY 2008") was facilitated this year with feedback from individual Directors on areas relating to the Board's competencies and effectiveness. The results of the evaluation process would be used by the NC, in its consultation with the Chairman of the Board, to effect continuing improvements on Board processes.

CCDG Code Principle 6: Access to Information

Prior to each meeting, the respective members of the Board and the Committees are provided with the meeting agenda and the relevant papers submitted by the management, containing complete, adequate and timely information to enable full deliberation on the issues to be considered at the respective meetings. Management staff and the Company's auditors, who can provide additional insight into the matters for discussion, are also invited from time to time to attend such meetings. The company secretaries attend all Board meetings and ensure that all Board procedures are followed. The company secretaries, together with other management staff of the Company, also ensure that the Company complies with all applicable statutory and regulatory rules.

On an ongoing basis, the Directors have separate and independent access to the Company's senior management and the company secretaries. The Directors, whether as a group or individually, are entitled to take independent professional advice at the expense of the Company, in furtherance of their duties and in the event that circumstances warrant the same.

REMUNERATION MATTERS

CCDG Code Principle 7: Procedures for Developing Remuneration Policies

The RC comprises 3 non-executive Directors, majority of whom including the chairman of the RC are independent. The RC's principal responsibilities as set out in its written terms of reference are to review and recommend for the endorsement of the Board, a framework of remuneration and the specific remuneration packages for each Board member, including the Executive Chairman, the Managing Director and also for the Group General Manager. In setting remuneration packages, the RC also ensures that the remuneration policies are in line with the strategic objectives and corporate values of the Company.

CCDG Code Principle 8: Level and Mix of Remuneration

In determining remuneration packages, the RC, with the assistance of the human resource advisors or consultants within and outside the Group, if required, considers the level of remuneration based on the Company's remuneration policy which comprises the following 3 distinct objectives:

- To ensure that the remuneration packages are competitive in attracting and retaining employees capable of meeting the Company's needs.
- To reward employees for achieving corporate and individual performance targets in a fair and equitable way.
- To ensure that the remuneration reflects duties and responsibilities.

The remuneration of the non-executive Directors are set at a level appropriate to their degree of contribution, taking into account attendance and time spent, and their respective responsibilities. No Director is involved in deciding his own remuneration.

Longer term incentive schemes are encouraged, as and when appropriate.

CCDG Code Principle 9: Disclosure of Remuneration

The total compensation packages for employees including the Executive Chairman, the Managing Director and the Group General Manager comprise a fixed component (in the form of a base salary and fixed allowances) and a variable component (which includes year-end and variable bonuses, and benefits-in-kind, where applicable), taking into account amongst other factors, the individual's performance, the performance of the Group and industry practices. The breakdown (in percentage terms) of the Directors' remuneration for FY 2008 is set out below.

Directors' Remuneration for FY 2008

	Base Salary* %	Variable Bonuses/ Allowances* %	Board/ Committee Fees** %	Other Benefits %	Total %

* The salary and variable bonuses/allowances are inclusive of employer's central provident fund contributions.

** These fees comprise Board and Committee fees for FY 2008, which are subject to approval by shareholders as a lump sum at the 2009 Annual General Meeting as well as Audit Committee fees for FY 2008 that have already been approved by shareholders at the last Annual General Meeting.

[^] Remuneration of these Directors includes remuneration paid or payable by subsidiaries of the Company.

No options were granted by the Company to subscribe for unissued shares in the Company during FY 2008.

The remuneration of the top 5 key executives (who are not Directors) is not disclosed in this Annual Report 2008 as such disclosure does not appear to be standard industry practice currently, given the highly competitive industry conditions. The RC will continue to review the practice of the industry in this regard, weighing the advantages and disadvantages of such disclosure.

During FY 2008, none of the Directors had immediate family members not disclosed above who were employees of the Company and whose personal annual remuneration exceeded \$150,000.

ACCOUNTABILITY AND AUDIT

CCDG Code Principle 10: Accountability

The Board provides shareholders with quarterly and annual financial results. Results for the first 3 quarters are released to shareholders within 45 days of the end of each quarter whilst annual results are released within 60 days from the financial year end. In presenting the Company's annual and quarterly results, the Board aims to provide shareholders with a balanced and understandable assessment of the Company's performance and financial position with a commentary at the date of the announcement of the significant trends and competitive conditions of the industry in which it operates.

The management provides the Executive Directors and members of the AC with monthly financial summary of the Group's performance.

The Directors recognise that they have overall responsibility to ensure accurate financial reporting for the Group and for the Group's system of internal controls. The Board confirms that, with the assistance of the AC, it reviews the effectiveness of the Group's financial reporting and internal controls system, which are monitored through a programme of internal audits, and is satisfied with the adequacy of such internal controls system.

CCDG Code Principle 11: Audit Committee

The AC comprises 4 non-executive Directors, all of whom including the chairman of the AC are independent. The AC has sufficient financial management expertise and experience amongst its members to discharge its functions within its written terms of reference. The AC is authorised by the Board to investigate any matters it deems appropriate within its terms of reference and has full access to and co-operation of management. It may invite any Director, executive officer or employee of the Company to attend its meetings and is also authorised to seek external professional advice to enable it to discharge its functions.

The principal responsibility of the AC is to assist the Board in maintaining a high standard of corporate governance, particularly by providing an independent review of the effectiveness of the Group's financial reporting process and material internal controls, including financial, operational, compliance and risk management controls. Other duties within its written terms of reference include:

- to review with management and, where appropriate, with the external auditors on the quarterly and full year financial statements issued by the Group before their submission to the Board to ensure their completeness, accuracy and fairness;
- to review, on an annual basis, the scope and results of the audit and its cost-effectiveness and the independence and objectivity of the external auditors;
- to review the effectiveness of the internal audit function;
- to make recommendations to the Board on the appointment, re-appointment and removal of external auditors, and to approve the remuneration and terms of engagement of the external auditors; and
- to review interested person transactions.

The AC held 8 meetings during the year and carried out its duties as set out within its terms of reference. It also met with the internal and external auditors, each separately without the presence of management. Having reviewed the nature and extent of the non-audit services provided to the Group by the external auditors for FY 2008, the AC is of the opinion that the provision of such non-audit services would not affect the independence and objectivity of the external auditors. The AC has recommended to the Board the nomination of KPMG for re-appointment as external auditors.

CDL has in place a whistle-blowing procedure where staff of the Company can raise in confidence concerns on possible improprieties relating to accounting, financial reporting, internal controls and auditing matters. Under these procedures, arrangements are in place for independent investigation of such matters raised and for appropriate follow up action to be taken.

INTERESTED PERSON TRANSACTIONS

On 29 May 2003, the Company obtained shareholders' approval for the Company, its subsidiaries and its associated companies not listed on the SGX-ST or an approved exchange, over which the Company, its subsidiaries and/or interested persons have control, to enter into transactions within the categories of Interested Person Transactions set out in the Company's circular to shareholders dated 28 April 2003, with such persons within the class or classes of Interested Persons as described in the said

circular, provided that such transactions are entered into in accordance with the review procedures set out in the said circular (the "IPT Mandate"). The IPT Mandate was last renewed by the shareholders on 24 April 2008 and given that such Interested Person Transactions are expected to occur with some degree of frequency and may arise at any time, and to allow the Group to undertake such transactions in an expeditious manner, shareholders' approval will be sought at the coming Annual General Meeting of the Company for the renewal of the IPT Mandate.

The AC has confirmed that an independent financial adviser's opinion is not required for the renewal of the IPT Mandate as the methods and procedures for determining the transaction prices of the Interested Person Transactions conducted under the IPT Mandate have not changed since the IPT Mandate was obtained on 29 May 2003, and such methods and procedures continue to be sufficient to ensure that these Interested Person Transactions will be carried out on normal commercial terms and will not be prejudicial to the interests of the Company and its minority shareholders.

Particulars of interested person transactions required to be disclosed under Rule 907 of the Listing Manual of the SGX-ST are as follows:

The figure also comprises the aggregate value of transactions of the sale of a warehouse unit to an interested person and the purchase of a property unit from an interested person.

** The figure comprises the aggregate value of the provision of consultancy services by an associate of a Director of the Company to the Group.

The above interested person transactions were carried out on normal commercial terms and were not prejudicial to the interests of the Company and its minority shareholders.

CCDG Code Principle 12: Internal Controls

The Directors recognise that they have overall responsibility to ensure accurate financial reporting for the Group and for the Group's system of internal controls. Internal and external auditors conduct regular reviews of the system of internal controls, and material internal control weaknesses are brought to the attention of the AC and to management for remedial action. While no system can provide absolute assurance against material loss or financial misstatement, the Group's internal financial controls are designed to provide reasonable assurance that assets are safeguarded, that proper accounting records are maintained, and that financial information used within the business and for publication is reliable. In reviewing these controls, the Directors have had regard to the risks to which the business is exposed, the likelihood of such risks occurring and the costs of protecting against them.

The Board confirms that, with the assistance of the AC, it reviews the effectiveness of the Group's financial, operational and compliance controls and risk management systems which are monitored through a programme of internal and external audits together with regular reviews by the management of the Company's risk management processes and procedures, and is satisfied with the adequacy of such internal controls system.

CCDG Code Principle 13: Internal Audit

The Internal Audit ("IA") function is independent of the activities it audits. The Head of IA's primary reporting line is to the chairman of the AC with an administrative line of reporting to the Managing Director of the Company. IA operates within the framework stated in its Internal Audit Charter which is approved by the AC. The standards of the Internal Audit Charter are consistent with the Standards for the Professional Practice of Internal Auditing set by the Institute of Internal Auditors. IA's responsibilities include evaluating the reliability, adequacy and effectiveness of the internal controls and risk management processes of the Company, ensuring that the internal controls of the Company result in prompt and accurate recording of transactions and proper safeguarding of assets, and ensuring that there are processes in place so that recommendations raised in internal audit reports are dealt with in a timely manner with outstanding exceptions or recommendations being closely monitored.

The Company has a well-established IA function with formal procedures for internal auditors to report their audit findings to the AC and to management. The AC reviews the adequacy of the internal audit function through a review of the internal auditors' activities on a quarterly basis and is satisfied that the internal audit function has adequate resources and appropriate standing within the Group to perform its functions properly.

COMMUNICATION WITH SHAREHOLDERS

CCDG Code Principle 14: Communication with Shareholders

The Company announces its quarterly and full-year results within the mandatory period. Material and price-sensitive information is publicly released via SGXNET on a timely basis. All shareholders of the Company receive the summary report and/or annual report of the Company and the notice of the Annual General Meeting, which notice is also advertised in the press and released via SGXNET. Shareholders and investors can access information on the Company at its website at www.cdl.com.sg which provides, *inter alia*, corporate announcements, press releases and the latest financial results as disclosed by the Company on SGXNET. From time to time, the Company's senior management holds briefings with analysts and the media to coincide with the release of the Group's half-year and full-year results.

CCDG Code Principle 15: Greater Shareholder Participation

At general meetings of the Company, shareholders are given the opportunity to communicate their views and ask the Directors and the management questions regarding matters affecting the Company. The chairman of the AC, NC and RC and the external auditors were present at the last Annual General Meeting, and will endeavour to be present at the coming Annual General Meeting to address, and to assist the Directors in addressing, queries raised by the shareholders.

In accordance with the Articles of Association of the Company, shareholders may appoint one or two proxies to attend and vote in their absence. CPF investors of the Company's securities may attend shareholders' meetings as observers provided they have submitted their requests to do so with their agent banks within a specified timeframe.

INTERNAL CODE ON DEALINGS IN SECURITIES

The Company has adopted an internal code on securities trading which provides guidance and internal regulation with regard to dealings in the Company's securities by its Directors and officers. These guidelines prohibit dealing in the Company's securities while in possession of unpublished material price-sensitive information in relation to such securities and during the "closed period", which is defined as two weeks before the date of announcement of results for each of the first three quarters of the Company's financial year and one month before the date of announcement of the full-year financial results.
