City Developments Limited (CDL) will commence the preview of the highly anticipated Union Square Residences at Havelock Road on Friday, 1 November 2024. Sales bookings are scheduled to begin on Saturday, 16 November 2024.

Located in the heart of the charming Singapore River precinct and at the gateway of the Central Business District (CBD), the 366-unit Union Square Residences is part of Union Square, a large-scale mixed-use development comprising office, retail and F&B space, and a co-living component with a hotel licence. The redevelopment project sits on the former sites of Central Mall (office and conservation buildings) and Central Square in prime District 1.

Housed in a 40-storey high residential tower with commercial units on levels 1 and 2, Union Square Residences offers breathtaking views of the Singapore River, Marina Bay, Pearl's Hill and Fort Canning Hill. It is seamlessly connected to the 20-storey Grade A premium office tower Union Square Central and a plethora of shops and restaurants. Apartments are priced from S\$1.38 million for a one-bedroom (463 sq ft), S\$1.998 million for a two-bedroom (700 sq ft), S\$2.82 million for a three-bedroom (990 sq ft), S\$4.62 million for a four-bedroom premium unit (1,518 sq ft), while the Sky Suite located at levels 38 and 39 will start from S\$9.288 million (2,476 sq ft).

Mr Sherman Kwek, CDL's Group Chief Executive Officer, said, "Union Square represents an incredible opportunity to transform one of Singapore's iconic and historic neighbourhoods. Mixed-use projects of this scale in a prime district are rare, and Union Square is poised to be an icon for the precinct. Union Square Residences is designed to provide unmatched luxury living at the nexus of the charming Singapore River and the bustling CBD. This landmark project will infuse new energy into the integrated community, with its bold architecture redefining the city skyline."

Rare Home in Revitalised Mixed-use Development that Blends History and Culture

Inspired by the locale's origin as a historic intersection of diverse commercial, residential and entertainment neighbourhoods, Union Square Residences combines innovative and sustainable design with old-world charms, reinventing how people live, work and play. Conceived as the dynamic epicentre of the vibrant mixed-use development, Union Square Residences complements the revitalisation of the Singapore River planning area and will rejuvenate the exciting nexus between Pearl's Hill and Fort Canning Park.

Conceived as an iconic landmark at the gateway to the CBD, Union Square Residences offers excellent connectivity with three MRT stations within walking distance (Clarke Quay, Chinatown and Fort Canning). Surrounded by a variety of lifestyle amenities, such as F&B, retail stores and conservation shophouses at its doorstep to the entertainment buzz of the newly rejuvenated Clarke Quay and the upcoming CanningHill Square, Union Square Residences is just minutes from the Orchard Road shopping belt, Marina Bay Sands, Chinatown, Esplanade, Fort Canning Park, Singapore Botanic Gardens and Gardens by the Bay; with many museums, galleries and theatres in the Civic District close by. Nearby educational institutions include LASALLE College of the Arts, Nanyang Academy of Fine Arts, School of the Arts and Singapore Management University.

Epitome of Luxury Riverside Living with Emphasis on Comfort and Indulgence

Union Square Residences offers comprehensive facilities spread across two key levels that are designed to enhance the living experience. The Social Vista on level 3 features a 30-metre lap pool, Aqua Gym and Wellness Pool. The Club Social function room is the perfect venue for gatherings, while the Co-working Studio provides a productive space for remote work. On level 34, the Union Vista presents a luxurious Club Union and Sky Gym that offer stunning views of the city, while the Sky Pool overlooks the Singapore River and Fort Canning Hill. One can also wine and dine at the fully equipped Club Gourmet and Alfresco Dining and rejuvenate in the Spa Alcove. Additionally, seven distinct Recreational Pods are seamlessly placed across different levels, transitioning from active zones to quiet retreats.

All apartments feature bespoke kitchens with premium brand appliances from Liebherr, De Dietrich and V-Zug, including engineered stone sinks integrated with invisible induction hobs that feature state-of-the-art induction technology. Bathrooms are equipped with fittings from Hansgrohe and Geberit, complemented by engineered stone vanity tops.

The four-bedroom premium apartments, Sky Suites and Penthouse are furnished with stylish walk-in wardrobes in the master bedroom by renowned Italian brand Rimadesio. Each unit has a Smart Home Gateway system with features such as a digital lockset, remote surveillance with a smart camera, smart voice control for home devices, smart air conditioning and lighting controls. Residents will also enjoy on-site Premier Residential Services for their concierge needs.
